

PARENTAL CONSENT TO USE LIBRARY INTERNET SERVICES

The Library’s Internet computers are for the use of library patrons and visitors to the Library. Their use is limited to educational and email use. Because material on the Internet is not controlled or limited, the Shepherdstown Public Library Board of Trustees has adopted a policy that requires children under the age of 16 to obtain written consent from their parent/guardian in order to use the Library’s Internet services. In lieu of written permission, the parent/guardian must provide on-site supervision.

The Library policy is set forth in the attached statement. If you have questions, please visit the Library, or phone the Library at 304-876-2783.
