

**SCHOOL USE POLICY**  
**OF SHEPHERDSTOWN PUBLIC LIBRARY**

The Children's Department of the Shepherdstown Public Library provides community programs that promote the circulation of its print and non-print materials and that help patrons become familiar with our resources.

A wide variety of programming is offered for the Lap Babies, Preschool, Nursery School and Elementary School groups and is scheduled weekly. All public and private pre-schools are eligible to schedule a story hour in the Library on a regular basis by prior arrangement with the library staff at a convenient time for staff, and as time constraints and scheduling permit.
